

The Black Hole

Very funny clip about a man who discovers a way to enter any space – could have done anything with this gift but [look what happens?](#)

Ethics and values when no one is watching (Integrity).

Would you do this or that...pose a few different scenarios...what if you knew you wouldn't get caught?

What is important is what morals and values we hold to even when there is no one there to watch...

Story of Annanias and Sapphira perhaps (Acts 5:1-11) and the early church...God will not be mocked or deceived?

Or Jesus clearing the temple of all who were cheating others...eg Mark 11:15-17

Talk about the link between commitment and freedom.

There is a tendency to feel that freedom is about choice, not commitment. But given a minimal amount of choice, I think that freedom only really comes when we make commitments.

Talk about it in relation to friendship – good to be able to choose our friends but good friendship only comes about when we have made a commitment to certain people – to spend time together, loyalty etc..

Having integrity is about committing to be a certain kind of person even when no one is watching.

Bible verse - Proverbs 2:6-8 *For the LORD gives wisdom; from his mouth come knowledge and understanding; he stores up sound wisdom for the upright; he is a shield to those who walk in integrity, guarding the paths of justice and watching over the way of his saints.*
